

## Immediate Release

### **HGC delivers advanced e-mail hosting solution for businesses in the Asia Pacific in collaboration with Conexus Mobile Alliance**

*Enterprises using this full-featured e-mail hosting service from HGC can effectively lower total cost of ownership*

**Hong Kong, 15 June 2010**—Hutchison Global Communications Limited (“HGC”), the fixed-line operation of Hutchison Telecommunications Hong Kong Holdings Limited (SEHK: 215), today announced its partnership with Conexus Mobile Alliance, a cooperative association of mobile operators in the Asia Pacific Region, to deliver an enterprise-grade, full-featured e-mail hosting service aimed at businesses looking to expand their presence in Asia.

#### **Connected via advanced fibre-to-the-building network Service convenience for enterprise in the Asia Pacific Region**

This innovative service is powered by HGC’s data centre hosting services and a cluster of Microsoft Exchange 2007 Application Servers connected via HGC’s highly extensive fibre-to-the-building telecom network in Hong Kong. With the service made available now in Hong Kong and other nine countries and cities with an Alliance presence, customers will be able to easily set up their e-mail domain servers in Hong Kong with mailbox storage options ranging between 10MB and 2,000MB.

“E-mail has been the bedrock of business communications for years now,” said Mr Andrew Lee, Commercial Director - Wholesale & Business Market of HGC. “With emails being an indispensable tool to connect businesses worldwide, enterprises in the region would not only need a reliable, flexible, secure e-mail hosting service but also one that is easy to access and manage, and at the same time, has the ability to lower the total cost of ownership. With the launch of HGC’s email hosting solution, enterprises in the Asia Pacific Region will be able to save the capital expenditure (Capex) and reduce their operational expenditure (Opex) on dedicated IT support, equipment operation and maintenance support contracts through using this service.”

#### **One-stop, full-featured email hosting service and mobility solutions**

Furthermore, business customers will be able to access their e-mail easily while on the move via mobile devices supporting Windows Mobile or Microsoft Outlook and experience easy email account management via a simple self-administration portal. This service also ensures customers an enterprise-grade security offering with its anti-spam and antivirus features, as well as a resilient service with up to four backup copies of e-mails in its two data centres.

HGC's e-mail hosting service is ideal for customers looking for a one-stop full-featured e-mail hosting service coupled with mobility solutions, for those switching from an in-house e-mail solution or those migrating from a non-Microsoft Exchange e-mail platform. With HGC's flexible features and plans to cater to a diverse continuum of customers, customers will be able to scale up their e-mail service at any time according to their business growth.

#### **About Hutchison Global Communications Limited**

Hutchison Global Communications Limited ("HGC") owns one of the most extensive fibre-to-the-building telecommunications networks in Hong Kong. Since its establishment in 1995, it has been fully committed to building its own network infrastructure. With the scalability of its global bandwidth capacities and direct links to networks in Mainland China, HGC provides instant connectivity around the world, including Asia, North America and Europe.

Riding on HGC's advanced fibre-optic technology, customers enjoy leading-edge services such as Ethernet symmetrical broadband access, corporate data transmission solutions, International Private Leased Circuit services, Internet Protocol Transit services and quality local and overseas call services.

HGC is a subsidiary of Hutchison Telecommunications Hong Kong Holdings Limited ("HTHKH"; SEHK: 215). A leading integrated telecommunications service operator listed in Hong Kong, HTHKH provides advanced mobile telecommunications services to a wide range of customers in Hong Kong and Macau under the "3" brand and sophisticated fixed-line telecommunications solutions to corporate, international and carrier customers in Hong Kong and around the world as well as comprehensive broadband, voice and IDD services to local residential customers under the "HGC" brand. A member of the Hutchison Whampoa Group (SEHK: 13), HTHKH deploys the latest telecommunications technology to offer world-class telecommunications services and innovations, setting market trend and steering industry development.
