

## Residential Telephone Line

### Do-Not-Disturb

You can block the incoming calls if you do not want to be disturbed. When the line is connected, a standard message in English, Cantonese and Putonghua will come on to tell the callers that you are not available to answer the calls. Outgoing calls can be made as normal.

To Activate Do-Not-Disturb :

#### Steps to follow

Lift the handset  
Key in \*01  
Hang up

#### What you hear

Dialing tone  
Confirmation tone

14

To Deactivate Do-Not-Disturb :

#### Steps to follow

Lift the handset  
Key in #01  
Hang up

#### What you hear

Special dialing tone  
Confirmation tone

Remarks:

1. Once Do-Not-Disturb is on, Call Forwarding cannot be activated.
2. If All Calls/Line Busy/No Answer Call Forwarding or Call Waiting is set up, Do-Not-Disturb will override these two features.
