

[For Immediate Release]

HGC Broadband Launches 2.5G (2500Mbps) Broadband Service

*One-stop service with latest Wi-Fi 6E router and cyber security function
to unleash the potential of blisteringly fast Internet access*

Hong Kong, 19 January 2023 – HGC Broadband, the home broadband service by HGC Global Communications Limited (HGC), today launches 2.5G (2500Mbps) broadband service, enabling users to enjoy more high-speed Internet experiences at home. The service also includes a new Wi-Fi 6E router, embedded with dedicated cybersecurity functions to unleash the full potential of HGC Broadband's 2.5G network.

Comprehensive one-stop service: 2.5G Broadband + Wi-Fi 6E + cyber security functions

HGC Broadband's 2.5G broadband service provides 2.5 times[#] more upload and download bandwidth compared with the existing 1G (1000Mbps) broadband. This enables users to have a blisteringly fast Internet experience for streaming, online games and videoconferencing. In addition, to tie in with the launch of 2.5G services, HGC Broadband has partnered with TP-Link, a leading global provider of consumer and business networking products, to offer TP-Link Deco XE75 Pro Wi-Fi 6E Mesh to customers. The router comes with a 2.5Gbps port and three Wi-Fi bands of 6GHz, 5GHz and 2.4GHz for connection to the 2.5G broadband network, achieving high-speed transmission, extremely low interference and wide coverage.

Integrating broadband connectivity, as well as router installation, configuration and maintenance (within contract period), the one-stop service by HGC Broadband addresses the pain points of customers. All TP-Link Deco XE75 Pro Wi-Fi 6E Mesh routers are equipped with TP-Link's dedicated HomeShield network security feature, which identifies malicious websites and blocks unauthorised connections through the router's built-in home network scanning function, safeguarding all family members' device usage.

Speedy internet experiences at favourable prices

Enjoy HGC Broadband's 2.5Gbps broadband service with hassle-free Wi-Fi 6E router setup and cyber security functions at a monthly fee of HK\$298* only. Details as below:

- 3-year 2.5G broadband service plus 2 sets of TP-Link Deco XE75 Pro Wi-Fi 6 router at a monthly fee of HK\$298* (Mesh network compatible; installation and maintenance included).
- Additional HK\$30/month* for Home Telephone service.
- Existing customers upgrade to 2.5G service available.

"HGC Broadband is committed to provide reliable broadband services to our customers. We are glad to launch an attractive one-stop 2.5G broadband service that caters the needs of Hong Kong consumers with all-round features ranging from speedy Internet experience, Wi-Fi 6E router

installation and network security. "Mr. Ben Wu, Vice President of Consumer & Mass Market of HGC said.

About HGC Global Communications Limited

HGC Global Communications Limited (HGC) is a leading Hong Kong and international telecom operator and ICT solution provider. The company owns an extensive network and infrastructure in Hong Kong and overseas and provides various kinds of services. HGC has 30 overseas offices, with business over 5 continents. It provides telecom infrastructure service to other operators and serves as a service provider to corporate and households. The company provides full-fledged telecom, data centre services, ICT solutions and broadband services for local, overseas, corporate, SME and mass markets. HGC owns and operates an extensive fibre-optic network, five cross-border telecom routes integrated into tier-one telecom operators in mainland China and connects with hundreds of world-class international telecom operators. HGC is one of Hong Kong's largest Wi-Fi service providers, running over 29,000 Wi-Fi hotspots in Hong Kong. The company is committed to further investing and enriching its current infrastructure and, in parallel, adding on top the latest technologies and developing its infrastructure services and solutions. In 2019, HGC Group completed the acquisition of Macroview Telecom Limited (Macroview), a leading digital technology solution and managed services provider. The addition of Macroview further accelerates HGC Group's digital transformation path and positioning as a pioneering ICT and digital services leader. HGC is a portfolio company of I Squared Capital, an independent global infrastructure investment manager focusing on energy, utilities and transport in North America, Europe and selected fast-growing economies.
