## **HGC Broadband Launches 2G (2000Mbps) Broadband Service**

*Enjoy more high-speed Internet experiences at home with latest Wi-Fi 6 Plus router*

**Hong Kong, 12 December 2023** – HGC Broadband, the home broadband service by HGC Global Communications Limited (HGC), today launches its superfast 2G (2000Mbps) broadband service, bringing users a high-speed home broadband experience. Together with the upgraded version of the Wi-Fi 6 router, the dual 2.5G ports provide faster internet band more stable network connectivity, allowing users to unleash the full potential of HGC Broadband's 2G network.

### **High-Speed Combination: 2G Broadband + Wi-Fi 6 Router for Stable Network**

HGC Broadband's 2G broadband service offers a download speed of 2Gbps (2000Mbps), which is twice the existing 1G (1000Mbps) home broadband speed<sup>#</sup>. This delivers a much faster internet experience, particularly suitable for those with high broadband demands. To fully utilize the powerful advantages and potential of 2G broadband, HGC Broadband has partnered with TP-Link, a leading global provider of consumer and business networking products, to launch its new advanced Wi-Fi 6 router, the TP-Link Archer AX55 Pro Version 2. It is equipped with dual 2.5G ports to allow personal computers to fully utilize the 2G broadband. Additionally, with Wi-Fi 6 supporting 160MHz ultra-wide bandwidth, the bandwidth speed is 4 times faster than Wi-Fi 5, allowing simultaneous transmission for more devices, ensuring more efficient Wi-Fi signal reception, reducing gaming disruptions, and enabling smoother streaming of 4K and 8K videos for a stable connection, minimal interference, and extensive internet coverage.

### **Diverse Broadband Service Plans Empowering Customers with More Choices**

With the launch of the 2G broadband service, HGC Broadband becomes the first telecom operator in Hong Kong to offer 1G, 2G, and 2.5G broadband services simultaneously, providing customers with a wide range of choices and diverse service plans to embrace a tech-driven lifestyle. From now on, new customers applying for the 2G broadband service with the TP-Link Archer AX55 Pro Version 2 Wi-Fi 6 router can enjoy service plans starting from \$139 per month, with the promotional period extending until December 31, 2023. Existing HGC customers can call the sales hotline at 1226 to inquire about upgrade offers.

Mr. Ben Wu, Vice President of Consumer & Mass Market of HGC said, "HGC Broadband has always been committed to providing customers with high-quality broadband services, striving to fulfill different broadband needs. We are delighted to introduce the highly promising 2G broadband service to the market ensuring stable network connectivity and extensive coverage with high-speed internet access and the Wi-Fi 6 router. Now, users can enjoy worry-free home internet surfing."

### **About HGC Global Communications Limited**

HGC Global Communications Limited (HGC) is a leading Hong Kong and international telecom operator and ICT solution provider. The company owns an extensive network and infrastructure in Hong Kong and overseas and provides various kinds of services. HGC has 19 overseas offices and staff presence in 31 cities worldwide. It provides telecom infrastructure service to other operators and serves as a service provider to corporate and households. The company provides full-fledged telecom, data centre services, ICT solutions and broadband services for local, overseas, corporate, SME and mass markets. HGC owns and operates an extensive fibre-optic network, five cross-border telecom routes integrated into tier-one telecom operators in mainland China and connects with hundreds of world-class international telecom operators. HGC is one of Hong Kong's largest Wi-Fi service providers, running over 29,000 Wi-Fi hotspots in Hong Kong. The company is committed to further investing and enriching its current infrastructure and, in parallel, adding on top the latest technologies and developing its infrastructure services and solutions. In 2019, HGC Group completed the acquisition of Macroview Telecom Limited (Macroview), a leading digital technology solution and managed services provider. The addition of Macroview further accelerates HGC Group's digital transformation path and positioning as a pioneering ICT and digital services leader. HGC is a portfolio company of I Squared Capital, an independent global infrastructure investment manager focusing on energy, utilities and transport in North America, Europe and selected fast-growing economies.
