HGC launches 6-month free offer of On-Demand Cloud Connect Services

Assist international enterprises to complement effective Cloud Disaster Recovery measures

Hong Kong, 18 February 2020 – HGC Global Communications Limited (HGC), a fully-fledged fixed-line operator and ICT service provider with extensive local and international network coverage, services and infrastructure, announced today the launch of **6-month free offer of On-Demand Cloud Connect Services** for international enterprises, stimulating the establishment of a comprehensive set of Disaster Recovery (DR) and business continuity measures. This complements customers' business operations and minimizes influence against potential threats such as natural disasters and epidemic outbreaks.

Cloud stability and resiliency are essential elements in a practical and complete DR and business continuity plan. The HGC On-Demand Cloud Connect Services provide direct access to leading global public cloud service providers, such as AWS, Alibaba Cloud, Microsoft Azure, Google Cloud etc. in a stable and secure manner with versatile bandwidth, running on HGC International Marketplace by SDN. This enables customers to maintain mission-critical business operations effectively under various sorts of unforeseeable occasions.

Key Features of free 6-month On-Demand Cloud Connect Services

- Up to 500Mbps direct access to public cloud service providers (AWS, Alibaba Cloud, Microsoft Azure, Google Cloud)
- Near zero-touch, on-demand cloud connect services, leveraging HGC SDN-enabled International Marketplace
- Terms and conditions apply*

Ravindran Mahalingam, Senior Vice President of International Business of HGC, said, "With the number of business threats continuing to increase, the way that organisations react to and recover from service outages and disruptions has become tremendously important. HGC takes a holistic approach to enable international enterprises to keep mission-critical services up and running across different regions and to maintain high productivity and profitability. With our versatile cloud solution, stable global network and world-class managed professional services, we believe that HGC On-Demand Cloud Connect Services will help equip the companies' vital IT network infrastructure to ensure business continuity, bringing peace of mind for business leaders."
