

[For immediate release]

DTS Telecom cooperates with HGC to launch EdgeX by HGC to Vietnam in the first time

On Aug 12th, 2022, in Hanoi and Hong Kong, HGC Global Communications Limited (HGC) and DTS Telecom limited company officially proclaimed the partnership of launching EdgeX by HGC in Vietnam. Based on this agreement, two parties will fully take this EdgeX by HGC into Vietnam market, including edge infrastructure platform and solutions to cater for the demands of various enterprises, companies and MNCs to connect local and international network instantly plus one-stop-shop solution including security, platform managed service and public cloud direct connection etc

With this signing, both will establish a long-term partnership to promote EdgeX by HGC brand in Vietnam via DTS Telecom's infrastructure basis in Ho Chi Minh City.

When EdgeX by HGC is officially introduced in Vietnam, it will contribute to bringing lots of advantages to Vietnamese enterprise community because this is regarded as a digital technique ecosystem well designed to support for the global expansion of OTT into Metaverse, Edge computing as well as the next generation of Internet via applying ICT and data network connectivity solutions. The platform allows users to decline noticeably latency times, speed up market entry, and enjoy faster connectivity speeds by getting access to HGC's ready-to-use platform, Eyeball-as-a-service (EaaS), Cybersecurity, points-of-presence (PoP) and AMS-IX (Amsterdam Internet Exchange) in Asia, Europe and North America.

Vietnamese Enterprises benefit from EdgeX by HGC product

EdgeX by HGC permits companies to catch up with newly technological trends on the spot through flexibly integrating into various sized business models and easily being integrated with distinct solutions aimed at generating comprehensive ecosystem. Furthermore, enterprise customers don't need to make investments into infrastructure and operations staffs due to the fact that the solution will provide with operational experts who are well-trained and equipped with abundant knowledge in order to assist customers save costs and efforts.

HGC desires to diminish the digital barriers among nations in South East Asia

Ravindran Mahalingam, SVP International Business of HGC noted: "Vietnam is a blossoming Internet economy [with over 75% of the population getting access to Internet](#), compared to 2012 when it was just 32%. And this figure is forecast to expand more in the next years. We are delighted to cooperate with DTS Telecom to launch our EdgeX by HGC in Vietnam. Through lessening barriers of size, cost, EdgeX by HGC allows OTT more easily get access to users and simultaneously provide the faster and more dependable services to millions of customers. We'd like to strengthen the long-lasting cooperation with DTS Telecom and diminish the digital barriers among nations in South East Asia."

DTS Telecom better responds the demands of national digital transformation .

DTS Telecom's CEO, Mr. Trần Quốc Việt shares: "This is a part of expansion on cooperation between DTS Telecom and HGC. The outstanding advantages of EdgeX by HGC on flexibility are appropriate for all business models , saving costs and meeting the demands of DTS Telecom's domestical and international customers. We hold a strong belief that our partnership will meet the needs of development and collaboration with national digital transformation programmes to support Vietnamese businesses in the race of digital transformation and affirm that DTS Telecom is one of the leading providers of technology solutions in Vietnam."
