## HGC donates 1000 lunch boxes to senior citizens in New Year's Eve to mark a delightful end of 2018

*Spending more on charity rather than corporate Christmas gifts*

**Hong Kong, 2 January 2019** – As the festive season arrives once more, HGC Global Communications Limited (HGC) and its staff have been on the streets spreading goodwill and seasonal cheer to Hong Kong's needy.

We are today pleased to have donated 1000 lunch boxes to needy and vulnerable senior citizens on 31 December 2018. The HGC Volunteering Team joined hands with social enterprise Agape Garden, to distribute lunch boxes and share festive blessings.

### HGC shares joy through lunch boxes for needy senior citizens

Rather than spending on corporate Christmas gifts, HGC has chosen to spend on giving back to the community. Today, 35 members of the HGC Volunteering Team, in partnership with Agape Garden, packed and delivered lunch boxes to the elderly in Sham Shui Po, Ngau Tau Kok, Yau Tong and other districts.

The “Giving Heart & Warmth for the Elderly” project has had the backing of The Against Elderly Abuse of Hong Kong (AEAHK), a non-governmental organisation that serves abandoned, living alone, hidden and poor aged citizens. This has been an opportunity for HGC to support important community organisations and spread warmth and love to the elderly. As well as providing HGC with a platform to connect with citizens in need, but has also enabled us to take an extra step in helping arouse the attention of the whole community of the problems facing our aging population.

Mr. Andrew Kwok, Chief Executive Officer of HGC, said: “This donation of lunch boxes marks a delightful end of 2018. We are certain that our customers are willing to support us in contributing to the needy as well.” In 2019, HGC will continue to deliver state-of-the-art communications as leading Hong Kong and international fixed-line operator. HGC will also explore further collaboration with sectors across Hong Kong society and to extend our spirit of achieving “Beyond Possibilities” to the community.

- End -

### **About HGC Global Communications Limited**

HGC Global Communications Limited (HGC) is a leading Hong Kong and international fixed-line operator. The company owns an extensive network and infrastructure in Hong Kong and overseas and provides various kinds of services. It provides telecom infrastructure service to other operators and serves as a service provider to corporate and households. The company provides full-fledged telecom, data centre services, ICT solutions and broadband services for local, overseas, corporate and mass markets. HGC owns and operates an extensive fibre-optic network, four cross-border telecom routes integrated into tier-one telecom operators in mainland China and connects with hundreds of world-class international telecom operators. HGC is one of Hong Kong's largest Wi-Fi service providers, running over 29,000 Wi-Fi hotspots in Hong Kong. The company is committed to further investing and enriching its current infrastructure and, in parallel, adding on top the latest technologies and developing its infrastructure services and solutions. HGC is a portfolio company of I Squared Capital, an independent global infrastructure investment manager focusing on energy, utilities and transport in North America, Europe and selected fast-growing economies.
